

How to fill in the application at www.optagelse.dk

The application for upper secondary education must be signed no later than 1 **March.** You can fill out the application form from 1 January, but you cannot sign it until 1 February.

When you are about to sign in at <u>www.optagelse.dk</u> you have two options:

- 1. Use the student's UNI-login
 - You have to use the student's UNI-login in order for you to be able to upload the student portfolio and other appendixes.
- 2. Use the parent-login (Nem-ID)
 - The parent login can only be used for signing the application.

Make sure your personal information is correct

When you have succesfully logged in, you need to fill in your phone number and email address. Your name and address will already have been filled in by ISB.

Also make sure that other information provided, such as grades, is correct.

After that, you can create the application.

Add your education wishes

On the tab 'uddannelsesområde' (area of education), you can choose what type of upper secondary education the student wants to apply to.

When you have picked your education of choice, remember to attach the portfolio that you have created in cooperation with your guidance counselor.

When you have gone through all of the tabs and made your choices, the application is done and ready to be signed. The student can approve the application by clicking on the button 'godkend uddannelsesplan'. At least one parent must sign the application. If both parents want to sign the application, it should be done on the same day. When a parent has signed the application with his/her Nem-ID, the application will automatically be sent.
