Course Outline 2022-2023

Introduction

August 2022

Dear Students and Parents,

In conjunction with the publication '[Welcome to the MYP](#)' available in the MYP section of the ISB website, this curriculum guide is designed to give both students and parents an overview of the MYP learning programme at ISB. Together these two publications aim to clarify the key areas of the teaching and learning that takes place at each grade level, as well as explain some of the philosophical ideas that underpin the programme and lay the foundation for our educational approach.

Our curriculum is organized according to the framework provided by the International Baccalaureate Middle Years Programme (IBMYP) and heavily influenced by our mission statement and core philosophy of learning through play.

The approach to teaching and learning in the MYP is student-centred and has a strong emphasis on 'learning how to learn'. Students develop a broad range of skills, knowledge, and understanding, which provides a solid basis for further studies at an upper secondary level.

While not covered directly in this guide, learning at ISB also involves a number of projects, Student Composed Schedule weeks and Interdisciplinary Units, which ISB considers powerful tools towards developing strong independent learners who are curious and intrinsically motivated to learn.

Our community and service projects are partly curricular and partly extra-curricular by nature and involve personal as well as class projects. The purpose is to encourage responsible citizenship, deepen the students' knowledge of the world around them and to increase intercultural awareness.

While the details in this publication are correct at the time of publication, the Middle Years Programme is dynamic and constantly evolving, hence details may be subject to change at any time. Students and parents will be informed of bigger changes or initiatives as they occur.

If you have comments or questions about the Middle School curriculum, you are always welcome to contact me on tuex0829@edu.isbillund.com or set up a meeting.

Sincerely,
Tue

Main resources

We use a selection of different texts and different learning websites including dansk.alinea.dk. For grammar and spelling exercises we use the online resources CampStavning, Alinea Turbo and grammatip.com and the system 'Grammatikrytteren'.

To support your child's reading progression, we expect that all students have access to the online library website E-reolen.dk, where audio books as well as online books are available. To get access to this, the students have to visit their local library.

Homework

Homework will be assigned according to the ISB Homework Schedule in the assessment policy. Please remember parents must encourage their child to inform the teacher either by speaking to them or over email if they are not able to complete or hand in their homework on time. This will allow the teacher to understand the student's problems and support the student better. Students may occasionally need to do additional work at home for some assessment tasks. In Danish, students will register individual reading. Besides daily reading, the students will get reading assignments to complete at home. We expect parents to support their children when reading at home. During the year, students will furthermore receive grammar homework to be completed at home. The grammar homework will be assigned to improve individual difficulties.

Main resources

Our main book is *MYP by Concept 4&5; Science* but extra materials, videos and activities will be added. The students will have most of their work collected in the on-line platform Google Classroom.

Homework

Homework will be assigned according to the ISB Homework Schedule in the assessment policy. The students will also be asked to study at home in preparation for the in-class tests.

Assessment

Assessment criteria, Science		
Students grades will be made up of marks from the following criteria		
Criterion A	Knowing and understanding	Maximum 8
Criterion B	Inquiring and designing	Maximum 8
Criterion C	Processing and evaluating	Maximum 8
Criterion D	Reflecting on the impact of science	Maximum 8

Major Assessment tasks

Task 1: Test unit 1

Task 2: A written article, unit 1

Task 3: Lab report, unit 2

The students will complete mock-exams in preparation for the final eAssessment.

Students will be given detailed information about the tasks, due dates, expectations, and which criteria are being marked for each assessment task.

Course Outline 2022-2023

Visual Art

The following outline indicates the topics and the approximate dates that they will be studied. Please be aware that these are intended dates only and can be altered at the teacher's discretion. Additional curriculum information and submission dates will be available on ManageBac. In M4 and M5, students focus on only **one** of the Art disciplines which is taught throughout the year. This year the choice is between Visual Art and Music.

Aims and Objectives

The aims of MYP arts are to encourage and enable students to:

- create and present art
- develop skills specific to the discipline
- engage in a process of creative exploration and (self-)discovery
- make purposeful connections between investigation and practice
- understand the relationship between art and its contexts
- respond to and reflect on art
- deepen their understanding of the world.

The outline for the units taught this year in M5

Topic/Unit Name	Main Content	Tentative Time Frame
1. Tree of Life	Students will look at the concept of the Tree of Life across different cultures and time. They will find modern and traditional artwork that depicts a Tree of Life from that culture/country. They will analyse the artwork and work on their ideas, skills and techniques to develop their final artwork, their own Tree of Life. This will be a mixed-media artwork showing their ability to use 2 or more different techniques. All 4 criteria will be addressed. Individual students will be asked to focus on areas they are strong in and develop those that they need to further strengthen.	August- November
23. E-portfolio	Topic and main content as per the partially completed planners provided by the IBO in November for the e-portfolio requirement. Students will work towards completing all four criteria.	December - March.

Course Outline 2022-2023

Main resources

We do not use any one textbook on this subject, but rather a collection of resources, many of which come from the teachers own research and are shared with the students on Google Classroom or as websites. The students have also been asked to get themselves linked to their local commune libraries to access various online resources, this needs their NemID and might need to request their parents for help.

Homework

Homework will be assigned according to the ISB Homework Schedule in the assessment policy. Please remember parents must encourage their child to inform the teacher either by speaking to them or over email if they are not able to complete or hand in their homework in on time. This will allow the teacher to understand the student's problems and support the student better. Students may occasionally need to do additional work at home for some assessment tasks.

Assessment

Assessment criteria, Arts		
Students grades will be made up of marks from the following criteria		
Criterion A	Investigating	Maximum 8
Criterion B	Developing	Maximum 8
Criterion C	Creating/Performing	Maximum 8
Criterion D	Evaluating	Maximum 8

Major Assessment tasks

- Task 1: Research an artist/artwork/performer and critique artwork by the chosen artist (Visual Art/Music/Media)
- Task 2: Use prior knowledge and develop new skills and techniques in your artwork. (Visual Art/Music/Media)
- Task 3: Apply prior knowledge and new skills and techniques to create original artwork. (Visual Art/Music/Media)
- Task 4: Reflect on the processes and development of your artwork and yourself as an artist through the trimester. (Visual Art/Music/Media)

Students will be given detailed information about the tasks, due dates, expectations, and criteria are being marked for each assessment task.

Course Outline 2022-2023

Main resources

We do not use any one textbook for the Arts, but rather a collection of resources, many of which come from the teachers own research and development into the unit and are shared with the students on relevant platforms. The students will be asked to get linked to their local kommune libraries to access various online resources, this needs their NemID and might need help from parents, if the students have not already done this in the lower M classes.

Homework

Homework will be assigned according to the ISB Homework Schedule in the assessment policy. Please remember parents must encourage their child to personally inform the teacher either by speaking to them or over email if they are not able to complete or hand in their homework on time. This will allow the teacher to understand the student's problems, find personal solutions and so support the individual student better. Students may occasionally need to do additional work at home for some assessment tasks. Students have been asked to practice their skills and techniques for the whole weekly homework time if there is no set homework for them to work on.

Assessment

Assessment criteria, Arts		
Students grades will be made up of marks from the following criteria		
Criterion A	Knowing and understanding	Maximum 8
Criterion B	Developing skills	Maximum 8
Criterion C	Thinking creatively	Maximum 8
Criterion D	Responding	Maximum 8

Major Assessment tasks

- Mozart vs Super Mario: Investigation, presentation, process journal, artistic intent and final product/performance.
- ePortfolio unit: Music composition and Process Journal (Investigation, Analysis, Critique and Process work)
- Live performance

Students will be given detailed information about the tasks, due dates, expectations, and which criteria are being marked for each assessment task.

Physical and Health Education

The following outline indicates the topics and the approximate dates that they will be studied. Please be aware that these are intended dates only and may be altered at the teacher's discretion. Additional curriculum information and submission dates will be available on ManageBac.

Aims and Objectives

The aims of MYP physical and health education are to encourage and enable students to:

- use inquiry to explore physical and health education concepts
- participate effectively in a variety of contexts
- understand the value of physical activity
- achieve and maintain a healthy lifestyle
- collaborate and communicate effectively
- build positive relationships and demonstrate social responsibility
- reflect on their learning experiences.
